Dear Harold,

Glad you found the Sheriff's affidavit but I don't see how you did it. I'd appreciate it very much if you'd let me have copies of galley as it comes back. I'll return it to you as you have suggested. The Printing Office will usually send an extra copy of galley at no extra charge, I believe, so if you get a chance you might ask them to send an extra one to you and you wouldn't be handicapped.

Tell Suzie not to bother about the briefcase. I'll pick it up when I come down for the hearings or at Christmas time when I'll be in town for a couple of weeks.

Have you seen the booklet gotten out by the Iron and Steel Institute called "Steel Facts"? Proves conclusively* that Company unions are swell stuff and the only "American" method of organization.

On this first Monday in November, I hope Fanley is right.

Carol
